### OPHTHOSIM™ OPHTHALMOLOGY TRAINING & SIMULATION SYSTEM

**Includes**

- Base unit
- Eye
- Instrumented ophthalmoscope
- Control box
- Software package & manual
- Protective hard case
- One year warranty

#190613	OphthoSim System	<b>\$9,999.00</b>
#190614	OphthoSim Upgrade Kit	<b>\$5,999.00</b>

**OPHTHOSIM™**

Students can practice their examination technique with monocular vision while viewing through a realistic simulated-eye, complete with an adjustable iris.

Since ophthalmoscopes only allow a portion of the retina to be viewed at any time, the OphthoSim™ tracks the motion & orientation of the user through an instrumented ophthalmoscope and displays the appropriate region of the retina.

OphthoSim™ instructors can interact with students by landmarking critical features of a pathology.

Unique features of the OphthoSim™ Ophthalmoscopy Training and Simulation System:

- OphthoSim™ Ophthalmoscope
- Realistic Eye Geometry
- OphthoSim™ Content
- OphthoSim™ Software

### OTOSIM 2™ OTOSCOPY TRAINING & SIMULATION SYSTEM

- Improves the accuracy of diagnosing pathologies of the ear
- Tutorials and high resolution images provide significant content for further student skill development
- Includes: base unit, instrumented otoscope, control box, adult earforms (right & left ear), software & manual on USB key, protective hard case

#190608	OtoSim 2 System	<b>\$9,999.00</b>
#190609	OtoSim 2 Software & Hardware Upgrade Kit	<b>\$5,999.00</b>

**OTOSIM 2™**

OtoSim 2™ is the upgraded version of OtoSim™ with new software and hardware, and increased capabilities:

Verify student progress via the instrumented otoscope.

Trainees can point with this device to complete the learning feedback loop.

Expand student knowledge through reviewing 380 high resolution images from the Hawke Library to instruct, practice, and test students. Further increase student capability through advanced quizzes with randomized, realistic clinical scenarios that test both medical and patient interaction skills.

Save instructor time by connecting up to 14 OtoSim units to a single trainer laptop to effectively instruct groups at the same time. Supplement classroom instruction with 150 pre-annotated images for self-directed learning.

FULLY CUSTOMIZED

## TOP 5 REASONS...

### Why Our Nurse Kits Are The Best!

- 1 Our kits are **100% customizable**. Choose the style and shape of your bag and everything you want in it.

- 2 Select the **products and brands you want**. Create a bag that's customized to your specific needs. (Other companies only allow you to choose from one particular brand).

- 3 Our unique and fully **customized supply lists** allow students to keep track of and account for each and every item. They are automatically included in each bag.

- 4 Our **personalized student ID tags** help distinguish which bags belong to which students, eliminating mistakes before they can occur.

- 5 Our high quality bags can be further customized to feature your **school's logo**, adding that important sense of loyalty to your specialized training programs.
